The background features a large, abstract graphic on the left side. It consists of several sets of concentric, wavy lines that curve outwards from the center. The color of this graphic transitions from a dark gray on the left to a bright red on the right, creating a smooth gradient effect. The overall aesthetic is minimalist and modern.

The background of the image features a large, abstract graphic element on the left side. It consists of two vertical bands: a bright red band on the left and a black band on the right. Overlaid on these bands are several thin, wavy lines in a light orange or yellow color. These lines create a sense of depth and motion, resembling contour lines on a map or the ripples in water. They flow from the bottom left towards the top right, crossing the central vertical axis.
